

# HOUSE BILL NO. 4893

July 18, 2023, Introduced by Reps. Rheingans, Wegela, Tsernoglou, Brabec, Neeley, Edwards, Dievendorf, Price, Morgan, Young, O'Neal, McKinney, Pohutsky, Weiss, Hope, Stone, Byrnes, Hoskins, Wilson, McFall, MacDonell, Paiz and Aiyash and referred to the Committee on Insurance and Financial Services.

A bill to provide for the establishment of a universal and unified health care system and to reform the current payment system for health care coverage in this state; to create certain boards and committees and prescribe their powers and duties; to provide for the powers and duties of certain state and local governmental officers and agencies; to establish a fund; to provide for the promulgation of rules; and to prescribe penalties and provide remedies.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1

CHAPTER 1

1           Sec. 101. This act may be cited as the "MIcare act".

2           Sec. 102. As used in this act:

3           (a) "Ambulance" means that term as defined in section 20902 of  
4 the public health code, 1978 PA 368, MCL 333.20902.

5           (b) "Board" means the MIcare board created in section 302.

6           (c) "Department" means the department of health and human  
7 services.

8           (d) "Director" means the director of the department or his or  
9 her designee.

10          Sec. 103. As used in this act:

11          (a) "Exchange" means that term as defined in section 1261 of  
12 the insurance code of 1956, 1956 PA 218, MCL 500.1261.

13          (b) "Federal act" means the federal patient protection and  
14 affordable care act, Public Law 111-148, as amended by the federal  
15 health care and education reconciliation act of 2010, Public Law  
16 111-152, and any regulations promulgated under those acts.

17          (c) "Fund" means the MIcare fund created in section 410.

18          Sec. 104. As used in this act:

19          (a) "Health carrier" means any of the following entities that  
20 are subject to the insurance laws and regulations of this state or  
21 otherwise subject to the jurisdiction of the director of the  
22 department of insurance and financial services:

23           (i) A health insurer operating under the insurance code of  
24 1956, 1956 PA 218, MCL 500.100 to 500.8302.

25           (ii) A health maintenance organization operating under the  
26 insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302.

27           (iii) A health care corporation operating under the nonprofit  
28 health care corporation reform act of 1980, 1980 PA 350, MCL  
29 550.1101 to 550.1704.

1 (iv) A nonprofit dental care corporation operating under 1963  
2 PA 125, MCL 550.351 to 550.373.

3 (v) Any other entity providing a plan of health insurance,  
4 health benefits, or health services.

5 (b) "Health care professional" means an individual,  
6 partnership, corporation, facility, or institution licensed,  
7 registered, certified, or otherwise authorized by state law to  
8 provide professional health services.

9 (c) "Health care system" means the local, state, regional, or  
10 national system of delivering health services, including  
11 administrative costs, capital expenditures, preventive care, and  
12 wellness services.

13 (d) "Health service" means any treatment or procedure  
14 delivered by a health care professional to maintain an individual's  
15 physical or mental health or to diagnose or treat an individual's  
16 physical or mental health condition, including services ordered by  
17 a health care professional for chronic care management, preventive  
18 care, wellness services, and medically necessary services to assist  
19 in activities of daily living.

20 (e) "Hospice" means that term as defined in section 20106 of  
21 the public health code, 1978 PA 368, MCL 333.20106.

22 (f) "Hospital" means any of the following:

23 (i) That term as defined in section 20106 of the public health  
24 code, 1978 PA 368, MCL 333.20106.

25 (ii) A hospital located outside of this state.

26 (iii) That term as defined in section 100b of the mental health  
27 code, 1974 PA 258, MCL 330.1100b.

28 (g) "Integrated delivery system" means a group of health care  
29 professionals, associated either through employment by a single

1 entity or through a contractual arrangement, that provides health  
2 services for a defined population of patients.

3 Sec. 105. As used in this act:

4 (a) "Manufacturers of prescribed products" means any of the  
5 following:

6 (i) A manufacturer as defined in section 17706 of the public  
7 health code, 1978 PA 368, MCL 333.17706.

8 (ii) A caregiver as defined in section 3 of the Michigan  
9 Medical Marihuana Act, 2008 IL 1, MCL 333.26423.

10 (iii) A person that holds a license as a grower, processor,  
11 provisioning center, or safety compliance facility under the  
12 medical marihuana facilities licensing act, 2016 PA 281, MCL  
13 333.27101 to 333.27801.

14 (b) "Medicaid" means that term as defined in section 3801 of  
15 the insurance code of 1956, 1956 PA 218, MCL 500.3801.

16 (c) "Medicare" means that term as defined in section 3801 of  
17 the insurance code of 1956, 1956 PA 218, MCL 500.3801.

18 (d) "MIcare" means the universal health care system  
19 established under this act and designed to provide health care  
20 coverage through a simplified, public administrative system and  
21 single claims payment system.

22 (e) "MIChild" means the state child health plan in this state  
23 under title XXI of the social security act, 42 USC 1397aa to  
24 1397mm.

25 (f) "Treatment of autism spectrum disorders" means that term  
26 as defined in section 3 of the autism coverage reimbursement act,  
27 2012 PA 101, MCL 550.1833.

28 Sec. 107. (1) The director shall coordinate health care system  
29 reform efforts among executive branch agencies, departments, and

1 offices and shall coordinate with the board.

2 (2) The director shall ensure that executive branch agencies,  
3 departments, and offices responsible for the development,  
4 improvement, and implementation of this state's health care system  
5 reform do so in a manner that is coordinated, timely, equitable,  
6 patient-centered, and evidence-based and that seeks to inform and  
7 improve the quality of patient care and public health, contain  
8 costs, and attract and retain well-paying jobs in this state.

9 (3) The director shall provide information and testimony on  
10 the efforts under this act to the senate and house of  
11 representatives standing committees on health issues on request.

## 12 CHAPTER 2

13 Sec. 201. (1) The health care reform efforts under this act  
14 must include simplified administration processes and delivery  
15 reform in order to have a publicly financed and publicly  
16 administered program of universal and unified health care  
17 operational after the occurrence of specific events, including the  
18 receipt of a waiver from the federal health benefit exchange  
19 requirement from the United States Department of Health and Human  
20 Services.

21 (2) In order to begin the planning efforts, the director shall  
22 establish a strategic plan that includes time lines and allocations  
23 of the responsibilities associated with health care system reform,  
24 to improve health outcomes, to further this state's existing health  
25 care system reform efforts, and to further all of the requirements  
26 of this section.

27 Sec. 202. (1) As provided in chapter 4, all residents of this  
28 state are eligible for MIcare, a universal health care program that  
29 will provide health care coverage through a single payment system.

1 To the maximum extent allowable under federal law and through  
2 waivers from requirements of federal law, Micare includes health  
3 care coverage provided under Medicaid, under Medicare, under  
4 MICHild, by employers that choose to participate, and to state and  
5 local government employees including public school employees.

6 (2) If the federal act is modified by congressional, judicial,  
7 or federal administrative action that prohibits implementation of a  
8 health benefit exchange; eliminates federal funds available to  
9 individuals, employees, or employers; or eliminates the waiver  
10 under section 1332 of the federal act, 42 USC 18052, the director  
11 shall continue, and adjust as appropriate, the planning and cost-  
12 containment activities provided in this act related to Micare and  
13 to creation of a unified, simplified administration and payment  
14 system, including identifying the financing impacts of such a  
15 modification on this state and its effects on the activities  
16 proposed in this act.

17 Sec. 205. The director shall supervise and oversee, as  
18 appropriate, the planning efforts, a continuation of the planning  
19 necessary to ensure an adequate, well-trained primary care  
20 workforce; necessary retraining for any employees dislocated from  
21 health care professionals or from health carriers because of the  
22 simplification in the administration of health care; consolidation  
23 of multiple payment sources into a single payment system; and  
24 unification of health system planning, regulation, and public  
25 health.

26 Sec. 207. The director shall obtain waivers, exemptions,  
27 agreements, legislation, or a combination of these items to ensure  
28 that, to the extent possible under federal law, all federal  
29 payments provided within this state for health services are paid

1           (b) That systemic barriers, including, but not limited to,  
2 cost, inadequate information, transportation needs, and geographic  
3 distribution of providers, do not prevent residents of this state  
4 from accessing necessary health services.

5           (c) That all residents of this state receive affordable and  
6 appropriate health services at the appropriate time in the  
7 appropriate setting.

8           (d) That overall costs for health services are contained and  
9 that growth in health care spending in this state balances the  
10 health care needs of the population with the ability to pay for  
11 necessary health services.

12           (e) That the health care system in this state be transparent  
13 in design, efficient in operation, and accountable to the residents  
14 of this state. The director shall ensure public participation by  
15 residents of this state in the design, implementation, evaluation,  
16 and accountability mechanisms of the health care system.

17           (f) That primary care be preserved and enhanced so that  
18 residents of this state have health services available to them,  
19 preferably within their own communities. Other aspects of this  
20 state's health care infrastructure, including, but not limited to,  
21 the educational and research missions of the state's academic  
22 medical institutions and other postsecondary educational  
23 institutions, the nonprofit missions of the community hospitals,  
24 public health and population health missions of public and private  
25 community health organizations, and the critical access designation  
26 of rural hospitals, must be supported in such a way that all  
27 residents of this state have access to necessary health services  
28 and that these health services are sustainable.

29           (g) That care for mental health and physical health is

1 coordinated and integrated, that mental health care be covered at  
2 parity with physical health care, and that, to the extent  
3 practical, patients can access mental health and physical health  
4 care in the same settings.

5 (h) That every resident of this state is able to choose his or  
6 her health care professionals.

7 (i) That residents of this state are aware of the costs of the  
8 health services they receive. For this purpose, the cost of health  
9 services should be transparent and easy to understand.

10 (j) That the health care system recognize the primacy of the  
11 relationship between a patient and his or her health care  
12 professionals, respecting the professional judgment of health care  
13 professionals and the informed decisions of patients.

14 (k) That this state's health care system seek continuous  
15 improvement of health care quality and safety and of the health of  
16 the residents of this state and reduce morbidity and increase life  
17 expectancy. For this reason, the director shall ensure that the  
18 system is evaluated regularly for improvements in access, outcomes,  
19 and cost containment.

20 (l) That appropriate rules and enforcement mechanisms are in  
21 place to ensure that health care provider work hours and staffing  
22 ratios support the health and safety of both providers and  
23 patients.

24 (m) That this state's health care system include mechanisms  
25 for containing all system costs and eliminating unnecessary  
26 expenditures, including by reducing administrative costs, by  
27 reducing costs that do not contribute to improved health outcomes,  
28 and by leveraging the unified payment system to negotiate prices.  
29 The director shall ensure that efforts to reduce overall health

1 care costs identify sources of excess cost growth.

2 (n) That the system must enable health care professionals to  
3 provide, on a solvent basis, effective and efficient health  
4 services that are in the public interest.

5 (o) That this state's health care system operate as a  
6 partnership between consumers, employers, health care  
7 professionals, hospitals, and the state and federal governments.

8 Sec. 302. (1) The Micare board is created as an autonomous  
9 entity in the department. The board is an independent body with the  
10 powers and duties as provided for under this act. The department  
11 shall provide suitable office space for the board and the employees  
12 of the board.

13 (2) The board shall promote the general good of this state by  
14 doing all of the following:

15 (a) Improving the health of the residents of this state as  
16 measured by rates of disability, disease, and life expectancy.

17 (b) Reducing the per-capita rate of growth in expenditures for  
18 health services in this state across all payers while ensuring that  
19 access to health services and the quality of health services  
20 received by residents of this state are not compromised.

21 (c) Enhancing the patient and health care professional  
22 experience during the delivery of health services.

23 (d) Recruiting and retaining high-quality health care  
24 professionals.

25 (e) Achieving administrative simplification in health care  
26 financing and delivery.

27 (f) Consolidating as many payment sources as feasible into a  
28 unified claims payment system.

29 Sec. 303. (1) The board consists of 13 members, 1 of whom

1 serves as chair. All of the members must be state employees and are  
2 exempt from the classified state civil service. The chair must  
3 receive compensation equal to that of a justice of the supreme  
4 court, and the remaining members must receive compensation equal to  
5 2/3 of the amount received by the chair.

6 (2) The speaker and minority leader of the house of  
7 representatives shall nominate the members of the board using the  
8 qualifications described in this section. The governor shall  
9 appoint the members from the nominees with the advice and consent  
10 of the senate. The governor shall not appoint a nominee who was  
11 denied confirmation by the senate within the past 2 years.

12 (3) The members of the board shall elect the chair who shall  
13 serve for a term of 4 years. The term of office of each member  
14 other than the chair is 4 years, except that of the members first  
15 appointed, 3 each shall serve terms of 1 year, 2 years, 3 years,  
16 and 4 years.

17 (4) The speaker of the house of representatives and the  
18 minority leader of the house of representatives shall each submit  
19 to the governor the names of 13 candidates they have determined are  
20 qualified to be appointed to the board. Of these 26 qualified  
21 candidates, the governor shall appoint 13 to the board subject to  
22 the advice and consent of the senate. The governor shall appoint no  
23 more than 7 members nominated by the same party, unless 1 or more  
24 candidates were nominated by both parties.

25 (5) Subject to the nomination and appointment process, a  
26 member may serve more than 1 term.

27 (6) A member of the board may be removed only for cause. The  
28 board shall promulgate rules under the administrative procedures  
29 act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to define the basis

1 and process for removal.

2 (7) Except as otherwise provided in this subsection, a board  
3 member shall not, during his or her term on the board, be an  
4 officer of, director of, organizer of, employee of, consultant to,  
5 or attorney for any person subject to supervision or regulation by  
6 the board, or of any health carrier. However, for an individual  
7 health care professional, the employment restriction under this  
8 subsection applies only to administrative or managerial employment  
9 or affiliation with a hospital or other health care facility and  
10 does not limit generally the ability of the individual health care  
11 professional to practice his or her profession.

12 (8) A board member shall not participate in creating or  
13 applying any law, rule, or policy or in making any other  
14 determination if the board member, individually or as a fiduciary,  
15 or the board member's spouse, parent, or child wherever residing or  
16 any other member of the board member's family residing in his or  
17 her household has an economic interest in the matter before the  
18 board or has any more than a de minimis interest that could be  
19 substantially affected by the proceeding.

20 (9) Subsections (7) and (8) do not prohibit a board member  
21 from, or require a board member to recuse himself or herself from  
22 board activities as a result of, any of the following:

23 (a) Being an insurance policyholder or receiving health  
24 services on the same terms as are available to the public  
25 generally.

26 (b) Owning a stock, bond, or other security in an entity  
27 subject to supervision or regulation by the board or any health  
28 carrier that is purchased by or through a mutual fund, blind trust,  
29 or other mechanism if a person other than the board member chooses

1 the stock, bond, or security.

2 (c) Receiving retirement benefits through a defined benefit  
3 plan from an entity subject to supervision or regulation by the  
4 board or any health carrier.

5 (10) A board member shall not, during his or her term on the  
6 board, solicit, engage in negotiations for, or otherwise discuss  
7 future employment or a future business relationship of any kind  
8 with any person subject to supervision or regulation by the board  
9 or any health carrier.

10 (11) A former board member shall not appear before the board  
11 or any other executive branch agency, department, or office on  
12 behalf of a person subject to supervision or regulation by the  
13 board or any health carrier for a period of 1 year following his or  
14 her last day as a member of the board.

15 (12) In nominating candidates for the board, the speaker and  
16 minority leader of the house of representatives shall assess  
17 candidates using the following criteria:

18 (a) Commitment to the principles expressed in section 301.

19 (b) Knowledge of or expertise in health care policy, health  
20 care delivery, or health care financing, and openness to  
21 alternative approaches to health care.

22 (c) Possession of desirable personal characteristics,  
23 including integrity, impartiality, empathy, experience, diligence,  
24 administrative and communication skills, social consciousness,  
25 public service, and regard for the public good.

26 (d) Knowledge, expertise, and characteristics that complement  
27 those of the other members of the board and demographic  
28 characteristics that contribute to the demographic  
29 representativeness of the board in relation to the population of

1 this state.

2 (e) Impartiality and the ability to remain free from undue  
3 influence by a personal, business, or professional relationship  
4 with any person subject to supervision or regulation by the board  
5 or any health carrier.

6 (13) Subject to subsection (14), the board must include  
7 members with the following types of experience:

8 (a) Two members with experience or expertise in public health.

9 (b) One member with experience or expertise in health care  
10 financing or health care economics.

11 (c) Two members with experience or expertise in health care  
12 benefit design.

13 (d) One member with experience or expertise in health care  
14 administration.

15 (e) One member who is a licensed health care professional with  
16 recent experience in primary care.

17 (f) One member who is a licensed health care professional with  
18 recent experience in acute care.

19 (g) One member who is a licensed health care professional with  
20 recent experience in mental health care or behavioral health.

21 (h) One member who is a licensed health care professional with  
22 recent experience in dental care.

23 (i) One member who is a licensed physician.

24 (j) One member who is a registered nurse.

25 (k) One member who is eligible for community mental health  
26 services at the time of initial nomination.

27 (l) One member who is eligible for Medicare at the time of  
28 initial nomination.

29 (m) One member who is eligible for employer health coverage at

1 the time of initial nomination.

2 (n) One member who is eligible for Medicaid at the time of  
3 initial nomination.

4 (14) The same member may fulfill 1 or more of the types of  
5 experience required under subsection (13).

6 (15) If a vacancy occurs on the board, or if an incumbent does  
7 not declare that he or she will be a candidate to succeed himself  
8 or herself, the speaker of the house of representatives and the  
9 minority leader of the house of representatives shall each submit  
10 to the governor the names of as many qualified candidates as there  
11 are vacancies, providing to the governor a combined list of 2  
12 candidates for each vacancy.

13 (16) The governor shall make an appointment to fill a vacancy  
14 on the board from the list of qualified candidates submitted under  
15 subsection (15). The appointment must not result in more than 7  
16 simultaneously serving members of the board having been nominated  
17 by the same party, unless 1 or more members were nominated by both  
18 parties. The appointment is subject to the advice and consent of  
19 the senate.

20 Sec. 304. (1) The chair of the board has general charge of the  
21 offices and employees of the board but may hire a manager to  
22 oversee the administration and operation.

23 (2) The board shall establish a consumer, patient, business,  
24 and health care professional advisory group to provide input and  
25 recommendations to the board. A member of the advisory group under  
26 this subsection who is not a state employee or whose participation  
27 is not supported through his or her employment or association shall  
28 receive per diem compensation, and reimbursement of expenses up to  
29 \$5,000.00 per year.

1           (3) The board may establish additional advisory groups and  
2 subcommittees as needed to carry out its duties. The board shall  
3 appoint diverse health care professionals and consumers  
4 demographically representative of the population of this state to  
5 the additional advisory groups and subcommittees as appropriate.

6           (4) In carrying out its duties under this act, the board shall  
7 seek the advice of appropriate individuals and entities regarding  
8 the policies, procedures, and rules established under this act.  
9 Appropriate individuals and entities are those who represent the  
10 interests of residents of this state who are patients and consumers  
11 of health services and health care coverage and who may suggest  
12 policies, procedures, or rules to the board to protect those  
13 patients' and consumers' interests.

14           Sec. 305. (1) The board shall execute its powers and duties  
15 under this act consistent with the principles expressed in this  
16 chapter.

17           (2) The board shall do all of the following:

18           (a) Oversee the development and implementation, and evaluate  
19 the effectiveness, of health care payment and delivery system  
20 reforms designed to control the rate of growth in the costs of  
21 health services and maintain health care quality in this state.

22           (b) As provided in this subdivision, promulgate rules under  
23 the administrative procedures act of 1969, 1969 PA 306, MCL 24.201  
24 to 24.328, to implement methodologies for achieving payment reform  
25 and containing costs and improving outcomes. Rules may relate to  
26 the creation of health care professional cost-containment or  
27 outcome targets, bundled payments, risk-adjusted capitated  
28 payments, or other uniform payment methods and amounts for  
29 integrated delivery systems, health care professionals, or other

1 provider arrangements. Before promulgating rules under this  
2 subdivision, the board shall report the board's proposed  
3 methodologies to the senate and house of representatives standing  
4 committees on health issues. In developing methodologies under this  
5 subdivision, the board shall engage residents of this state in  
6 seeking ways to equitably distribute health services while  
7 acknowledging the connection between fair and sustainable payment  
8 and access to health care.

9 (c) Review this state's health care information infrastructure  
10 work done by the health information technology commission created  
11 under section 2503 of the public health code, 1978 PA 368, MCL  
12 333.2503, to ensure that the necessary standards, claims payment  
13 databases, electronic health records, and other infrastructure are  
14 in place to enable this state to achieve the principles expressed  
15 in this chapter.

16 (d) Set rates for health care professionals under section 306,  
17 to be implemented over time, and make adjustments to the rules on  
18 reimbursement methodologies as needed.

19 (e) Within 9 months after the effective date of this act and  
20 before promulgating rules, review the benefit package for qualified  
21 health plans under the exchange. The board shall report to the  
22 senate and house of representatives standing committees on health  
23 issues within 15 days after its review of the initial benefit  
24 package and any subsequent substantive changes to the benefit  
25 package.

26 (f) Develop and maintain a method for evaluating systemwide  
27 performance and quality, including identification of the  
28 appropriate process and outcome measures as follows:

29 (i) For determining public and health care professional

1 satisfaction with the health care system.

2 (ii) For assessing the effectiveness of prevention and health  
3 promotion programs.

4 (iii) For cost containment and limiting the growth in  
5 expenditures for health services.

6 (iv) For determining the adequacy of the supply and  
7 distribution of health care resources in this state.

8 (v) For determining and tracking rates of morbidity and  
9 premature mortality for relevant populations, and determining and  
10 tracking life expectancy and other quantifiable indicators of  
11 population health as appropriate.

12 (vi) For assessing the frequency and severity of medical errors  
13 and preventable adverse outcomes.

14 (vii) For assessing the care received by MIcare beneficiaries  
15 in relation to evidence-based clinical practice guidelines.

16 (viii) For assessing the adequacy of staffing ratios and health  
17 provider work hour rules and enforcement in protecting patients and  
18 providers.

19 (ix) For assessing the contribution of health care costs to  
20 personal and business bankruptcies in this state before and after  
21 implementation of MIcare.

22 (x) For determining timeliness of health care service  
23 delivery.

24 (xi) To address access to and quality of mental health and  
25 substance abuse services.

26 (xii) For other indicators as determined by the board.

27 (g) Within 18 months after the effective date of this act,  
28 study the feasibility of replacing health coverage for accidental  
29 bodily injury currently provided by motor vehicle insurers under

1 section 3105 of the insurance code of 1956, 1956 PA 218, MCL  
2 500.3105, with Mlcare coverage. The board shall report to the  
3 senate and house of representatives standing committees on health  
4 issues and insurance within 15 days after completing its study on  
5 the differences in covered benefits, projected costs, projected  
6 reductions in motor vehicle insurance premiums, assets available to  
7 the catastrophic claims association created under section 3104 of  
8 the insurance code of 1956, 1956 PA 218, MCL 500.3104, to pay motor  
9 vehicle health claims, and proposed additional revenue sources.

10 (h) Within 24 months after the effective date of this act,  
11 study the feasibility of replacing health coverage currently  
12 provided under the worker's disability compensation act of 1969,  
13 1969 PA 317, MCL 418.101 to 418.941, with Mlcare coverage. The  
14 board shall report to the senate and house of representatives  
15 standing committees on health issues and insurance within 15 days  
16 after completing its study on the differences in covered benefits,  
17 federal requirements for state worker's compensation systems,  
18 projected costs, projected reductions in worker's compensation  
19 insurance premiums, assets available in the funds under chapter 5  
20 of the worker's disability compensation act of 1969, 1969 PA 317,  
21 MCL 418.501 to 418.561, to pay worker's compensation health claims,  
22 and proposed additional revenue sources.

23 (i) Within 12 months after the effective date of this act,  
24 study the feasibility of including long-term care in the Mlcare  
25 benefits package. The board shall report to the senate and house of  
26 representatives standing committees on health issues and insurance  
27 within 15 days after completing its study on the need for long-term  
28 care services in this state, the relative value of covering  
29 attendant and home care services to enable care in the least

1 restrictive environment, the advisability of setting separate  
2 procedures to establish residency for long-term care coverage  
3 eligibility, projected costs, federal funding available to pay  
4 long-term care claims, and proposed additional revenue sources.

5 (3) The board shall do all of the following with regard to  
6 MIcare:

7 (a) Before implementing MIcare, consider recommendations from  
8 the department and the director of the department of insurance and  
9 financial services, and define the MIcare benefit package within  
10 the parameters established in chapter 4.

11 (b) When providing its recommendations for the benefit package  
12 under subdivision (a), present a report on the benefit package  
13 proposal to the senate and house of representatives standing  
14 committees on health issues. The report must describe the health  
15 services to be covered in the MIcare benefit package. If the  
16 legislature is not in session at the time that the board makes its  
17 recommendations, the board shall send its report electronically or  
18 by first-class mail to each member of the senate and house of  
19 representatives standing committees on health issues.

20 (c) Before implementing MIcare and annually after  
21 implementation, recommend to the legislature and the governor a 3-  
22 year MIcare budget under section 409, to be adjusted annually in  
23 response to realized revenues and expenditures, that reflects any  
24 modifications to the benefit package and includes recommended  
25 appropriations, revenue estimates, and necessary modifications to  
26 tax rates, fees, and other assessments, if any.

27 (4) On or before the first January 15 after the effective date  
28 of this act and on or before each January 15 after that date, the  
29 board shall submit a report of its activities for the preceding

1 state fiscal year to the senate and house of representatives  
2 standing committees on health issues. The report must include any  
3 changes to the payment rates for health care professionals under  
4 section 306, any new developments with respect to health  
5 information technology, the evaluation criteria adopted under  
6 subsection (2)(f) and any related modifications, the results of the  
7 systemwide performance and quality evaluations required by  
8 subsection (2)(f) and any resulting recommendations, the process  
9 and outcome measures used in the evaluation, any recommendations  
10 for modifications to state law, and any actual or anticipated  
11 impacts on the work of the board as a result of modifications to  
12 federal laws, regulations, or programs. The report must identify  
13 how the work of the board comports with the principles expressed in  
14 this chapter.

15 (5) All reports prepared by the board must be available to the  
16 public on request and must be posted on the board's internet  
17 website.

18 (6) The board is subject to the freedom of information act,  
19 1976 PA 442, MCL 15.231 to 15.246, and the open meetings act, 1976  
20 PA 267, MCL 15.261 to 15.275.

21 Sec. 306. (1) The board shall ensure payments to health care  
22 professionals that are consistent with efficiency, economy, and  
23 quality of care and that will permit health care professionals to  
24 provide, on a solvent basis, effective and efficient health  
25 services that are in the public interest. The board shall ensure  
26 that the amount paid to health care professionals is sufficient to  
27 enlist enough health care professionals to ensure that health  
28 services are available to all residents of this state and are  
29 distributed equitably.

1           (2) The board shall set reasonable rates for health care  
2 professionals, manufacturers and retailers of prescribed products,  
3 medical supply companies, and other companies providing health  
4 services or health supplies based on methodologies under section  
5 305, in order to have a consistent reimbursement amount accepted by  
6 these persons. The board shall also set rates for covered benefits  
7 provided by persons who are not licensed health care professionals  
8 that provide services such as home services and transportation  
9 services. In establishing rates, the board may consider legitimate  
10 differences in costs among health care professionals, including the  
11 cost of providing a specific necessary service or services that may  
12 not be available elsewhere in this state, and the need for health  
13 care professionals in particular areas of this state, particularly  
14 in underserved geographic or practice shortage areas. This  
15 subsection does not limit the ability of a health care professional  
16 to accept less than the rate established in this subsection from a  
17 patient without health insurance or other coverage for the health  
18 service received.

19           (3) The board shall approve payment methodologies that  
20 encourage cost containment; provision of high-quality, evidence-  
21 based health services in an integrated setting; patient self-  
22 management; access to primary care health services for underserved  
23 individuals, populations, and areas; and healthy lifestyles. The  
24 payment methodologies must be consistent with evidence-based  
25 practices and may include fee-for-service payments if the board  
26 determines those payments to be appropriate.

27           (4) To the extent required to avoid federal antitrust  
28 violations and in furtherance of the policy identified in  
29 subsection (1), the board shall facilitate and supervise the

1 participation of health care professionals in the process described  
2 in subsection (2).

3 (5) As a base rate for any benefit described in section 405(1)  
4 that is covered by Medicare Part A or B, the board shall set a rate  
5 that is 25% more than the rate provided by Medicare. The board may  
6 adjust the base rate to ensure access to services in specific  
7 geographic areas or types of care, or to improve outcomes or  
8 control costs in accordance with section 305.

9 (6) As a base rate for coverage of a medical device or  
10 prescription drug that is covered by the Department of Veterans  
11 Affairs, the board shall set the rate equal to the rate provided by  
12 the Department of Veterans Affairs. The board may adjust the base  
13 rate to ensure access to medically necessary devices or drugs, or  
14 to improve outcomes or control costs in accordance with section  
15 305.

16 Sec. 309. The director shall ensure that, in accordance with  
17 state and federal privacy laws, the board has access to data and  
18 analysis held by any executive branch agency, department, or office  
19 that is necessary to carry out the board's powers and duties as  
20 described in this act.

21 Sec. 310. The board may promulgate rules under the  
22 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to  
23 24.328, as needed to carry out this chapter.

24 Sec. 311. (1) The board shall adopt procedures for  
25 administrative appeals of its actions, orders, or other  
26 determinations. The procedures must provide for the issuance of a  
27 final order and the creation of a record sufficient to serve as the  
28 basis for judicial review under subsection (2).

29 (2) A person aggrieved by a final action, order, or other

1 determination of the board is entitled, on exhaustion of all  
2 administrative appeals available under subsection (1), to judicial  
3 review as provided in chapter 6 of the administrative procedures  
4 act of 1969, 1969 PA 306, MCL 24.301 to 24.306.

5 CHAPTER 4

6 Sec. 401. Micare is established to provide, as a public good,  
7 comprehensive, affordable, high-quality, publicly financed, and  
8 publicly administered health care coverage for all residents of  
9 this state in a seamless and equitable manner regardless of income,  
10 assets, health status, or availability of other health coverage.  
11 Micare must improve value in health care by doing all of the  
12 following:

13 (a) Establishing innovative payment mechanisms to improve  
14 outcomes and contain costs.

15 (b) Reducing unnecessary administrative expenditures through a  
16 publicly administered system.

17 (c) Negotiating lower prices with the leverage of a unified  
18 payment system.

19 Sec. 402. (1) Micare must be implemented 90 days after the  
20 last of the following to occur:

21 (a) Receipt of a waiver under section 1332 of the federal act,  
22 42 USC 18052, under subsection (2).

23 (b) Enactment of a law establishing the financing for Micare.

24 (c) Approval by the board of the initial Micare benefit  
25 package under section 305.

26 (d) Enactment of the appropriations for the initial Micare  
27 benefit package proposed by the board under section 305.

28 (e) A determination by the board that each of the following  
29 conditions will be met:

1 (i) When implemented, MIcare will not have a negative aggregate  
2 impact on this state's economy.

3 (ii) The financing for MIcare is sustainable.

4 (iii) Administrative expenses will be reduced.

5 (iv) Cost-containment efforts will result in a reduction in the  
6 rate of growth in this state's per capita health care spending.

7 (v) Health care professionals will be reimbursed at levels  
8 sufficient to allow this state to recruit and retain high-quality  
9 health care professionals.

10 (2) As soon as allowed under federal law, the director shall  
11 seek a waiver to allow this state to suspend operation of the  
12 exchange and to enable this state to receive the appropriate  
13 federal fund contribution in lieu of the federal premium tax  
14 credits, cost-sharing subsidies, and small business tax credits  
15 provided in the federal act. The director may seek a waiver from  
16 other provisions of the federal act as necessary to ensure the  
17 operation of MIcare.

18 Sec. 403. (1) On implementation, a resident of this state is  
19 eligible for MIcare, regardless of whether an employer offers  
20 health insurance for which he or she is eligible. The department  
21 shall promulgate rules under the administrative procedures act of  
22 1969, 1969 PA 306, MCL 24.201 to 24.328, to establish standards for  
23 proof and verification that an individual is a resident of this  
24 state.

25 (2) Except as otherwise provided in this subsection, if an  
26 individual is determined to be eligible for MIcare based on  
27 information later found to be false, the department shall make  
28 reasonable efforts to recover from the individual the amounts  
29 expended through MIcare for health services on his or her behalf.

1 In addition, if the individual knowingly provided the false  
2 information, he or she is subject to an administrative fine of not  
3 more than \$5,000.00. The department shall include information on  
4 the MIcare application to provide notice to applicants of the  
5 penalty for knowingly providing false information as established in  
6 this subsection. An individual determined to be eligible for MIcare  
7 whose health services are paid in whole or in part by Medicaid  
8 funds who commits fraud is subject to the medicaid false claim act,  
9 1977 PA 72, MCL 400.601 to 400.615, instead of the administrative  
10 penalty described in this subsection. This subsection does not  
11 limit or restrict prosecutions under any applicable provision of  
12 law, including the health care false claim act, 1984 PA 323, MCL  
13 752.1001 to 752.1011.

14 (3) Except as otherwise provided in this section, a person who  
15 is not a resident of this state is not eligible for MIcare. Except  
16 as otherwise provided in this subsection, an individual covered  
17 under MIcare shall inform the department within 60 days after  
18 becoming a resident of another state. An individual who obtains or  
19 attempts to obtain health services through MIcare more than 60 days  
20 after becoming a resident of another state shall reimburse the  
21 department for the amounts expended for his or her care and is  
22 subject to an administrative penalty of not more than \$1,000.00 for  
23 a first violation and not more than \$2,000.00 for any subsequent  
24 violation. An individual whose health services are paid in whole or  
25 in part by Medicaid funds who obtains or attempts to obtain health  
26 services through MIcare more than 60 days after becoming a resident  
27 of another state is subject to the medicaid false claim act, 1977  
28 PA 72, MCL 400.601 to 400.615, instead of the administrative  
29 penalty described in this subsection. This subsection does not

1 limit or restrict prosecutions under any applicable provision of  
2 law, including the health care false claim act, 1984 PA 323, MCL  
3 752.1001 to 752.1011.

4 (4) Administrative penalties collected under this section must  
5 be transmitted to the state treasurer for deposit into the fund.

6 Sec. 404. (1) The department shall establish a procedure to  
7 enroll residents of this state in Micare. The department shall  
8 develop and implement a program to train department employees and  
9 community health workers to enroll residents in Micare.

10 (2) The department shall promulgate rules under the  
11 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to  
12 24.328, to establish a process to allow health care professionals  
13 to presume an individual is eligible based on the information  
14 provided on a simplified application. After submission of the  
15 application, the department shall collect additional information as  
16 necessary to determine whether Medicaid, Medicare, MICHild, or  
17 other federal funds may be applied toward the cost of the health  
18 services provided, but shall provide payment for any health  
19 services received by the individual from the time the application  
20 is submitted. If an individual presumed eligible for Micare under  
21 this subsection is later determined not to be eligible for the  
22 program, the department shall make reasonable efforts to recover  
23 from the individual the amounts expended through Micare for health  
24 services on his or her behalf.

25 (3) The department shall promulgate rules under the  
26 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to  
27 24.328, to ensure that residents of this state who are temporarily  
28 out of the state and who intend to return and reside in this state  
29 remain eligible for Micare while outside this state.

1 (4) A nonresident visiting this state, or his or her health  
2 carrier, must be billed for all health services received by that  
3 individual in this state. The department may enter into  
4 intergovernmental arrangements or contracts with other states and  
5 countries to provide reciprocal coverage for temporary visitors and  
6 shall promulgate rules under the administrative procedures act of  
7 1969, 1969 PA 306, MCL 24.201 to 24.328, to carry out this  
8 subsection.

9 Sec. 405. (1) MIcare includes coverage for medically necessary  
10 benefits, including, but not limited to, all of the following:

- 11 (a) Primary care.
- 12 (b) Preventive care.
- 13 (c) Chronic care.
- 14 (d) Acute episodic care.
- 15 (e) Hospital services.
- 16 (f) Mental health services.
- 17 (g) Prescription drugs.
- 18 (h) Medical devices.
- 19 (i) Dental care.
- 20 (j) Vision care.
- 21 (k) Hearing care.
- 22 (l) Care for substance use disorder.
- 23 (m) Reproductive health care and obstetrical care.
- 24 (n) Long-term care, including in-home care.
- 25 (o) Laboratory services, including blood lead testing for a  
26 child who is not 7 years of age, in accordance with Centers for  
27 Disease Control guidelines.
- 28 (p) Gender transition. As used in this subdivision, "gender  
29 transition" means the process of changing an individual's outward

1 appearance, including physical sex characteristics, to accord with  
2 the individual's gender identity.

3 (q) Organ donation and transplantation.

4 (r) Treatment of autism spectrum disorders.

5 (s) Ambulance services.

6 (t) Hospice care.

7 (2) The benefits package for all MIcare recipients must, at a  
8 minimum, include any essential benefits for plans under the federal  
9 act.

10 (3) MIcare must not include premiums or cost-sharing  
11 requirements. The board shall not impose deductibles, co-insurance,  
12 co-pays, or individual caps on coverage amounts. The board shall  
13 include all costs of covered benefits in the budget recommended to  
14 the legislature under section 409 without assuming any revenue will  
15 be derived from premiums or cost-sharing.

16 (4) MIcare must not discriminate in the design and  
17 administration of benefits or in the payment of claims because of  
18 sexual orientation, gender identity, disability, or any status for  
19 which discrimination is prohibited under section 102 of the  
20 Elliott-Larsen civil rights act, 1976 PA 453, MCL 37.2102.

21 (5) MIcare must not limit coverage of preexisting conditions.

22 (6) The board shall approve the benefit package and present it  
23 to the legislature as part of its recommendations for the MIcare  
24 budget.

25 Sec. 406. (1) For individuals eligible for Medicaid or  
26 MIChild, the MIcare benefit package must include the benefits  
27 required by federal law, as well as any additional benefits  
28 provided as part of the MIcare benefit package.

29 (2) On implementation of MIcare, the benefit package for

1 individuals eligible for Medicaid or MICHild must also include any  
2 optional Medicaid benefits under 42 USC 1396d or health services  
3 covered under MICHild as provided in 42 USC 1397cc. Beginning with  
4 the second year of MICHild and going forward, the board may,  
5 consistent with federal law, modify these optional benefits, while  
6 at all times the benefit package for these individuals includes at  
7 least the benefits described in subsection (1).

8 (3) For children eligible for benefits paid for with Medicaid  
9 or MICHild funds, the MICHild benefit package must include early and  
10 periodic screening, diagnosis, and treatment services as defined  
11 under federal law.

12 (4) For individuals eligible for Medicare, the MICHild benefit  
13 package must include the benefits provided to these individuals  
14 under federal law, and any additional benefits provided as part of  
15 the MICHild benefit package.

16 Sec. 407. (1) The department shall administer MICHild. The  
17 department shall not enter into contracts with nongovernmental  
18 entities to administer claims or payments, design benefits,  
19 administer appeals, or provide customer service.

20 (2) If the department receives a federal waiver to administer  
21 Medicaid or MICHild programs as part of MICHild, the department  
22 shall not renew any contract with a managed care organization.

23 (3) In hiring staff necessary to administer MICHild, the  
24 department shall develop and implement procedures consistent with  
25 civil service rules to preferentially recruit individuals displaced  
26 from health carriers and health provider administration because of  
27 efficiency gains in the administration of health care.

28 Sec. 408. (1) This chapter does not require an individual with  
29 health coverage other than MICHild to terminate that coverage.

1 (2) An individual enrolled in MIcare may elect to maintain  
2 supplemental health insurance if the individual so chooses.

3 (3) Residents of this state must not be billed any additional  
4 amount for the receipt of health services covered by MIcare.

5 (4) The department shall seek permission from the Centers for  
6 Medicare and Medicaid Services to be the administrator for the  
7 Medicare program in this state. If the department is unsuccessful  
8 in obtaining that permission, MIcare must be the secondary payer  
9 with respect to any health service that may be covered in whole or  
10 in part by Medicare.

11 (5) MIcare must be the secondary payer with respect to any  
12 health service that may be covered in whole or in part by any other  
13 health benefit plan, including, but not limited to, private health  
14 insurance, retiree health benefits, or federal health benefit plans  
15 offered by the Department of Veterans Affairs, by the military, or  
16 to federal employees.

17 (6) The department may seek a waiver under 42 USC 1315 to  
18 include Medicaid and under 42 USC 1397gg to include MIChild in  
19 MIcare. If the department is unsuccessful in obtaining 1 or both of  
20 these waivers, MIcare shall be the secondary payer with respect to  
21 any health service that may be covered in whole or in part by  
22 Medicaid or MIChild, as applicable.

23 (7) Any prescription drug coverage offered by MIcare must be  
24 consistent with the standards and procedures applicable under the  
25 pharmaceutical best practices initiative established under section  
26 9703 of the public health code, 1978 PA 368, MCL 333.9703, or  
27 provided to a qualifying patient under the Michigan Medical  
28 Marihuana Act, 2008 IL 1, MCL 333.26421 to 333.26430.

29 (8) MIcare must maintain a robust and adequate network of

1 health care professionals located in this state or regularly  
2 serving residents of this state, including mental health and  
3 substance abuse professionals. The department shall contract with  
4 outside entities as needed to allow for the appropriate portability  
5 of coverage under MIcare for residents of this state who are  
6 temporarily out of this state.

7 (9) The department shall make available the necessary  
8 information, forms, access to eligibility or enrollment systems,  
9 and billing procedures to health care professionals to ensure  
10 immediate enrollment for individuals in MIcare at the point of  
11 service or treatment.

12 (10) An individual aggrieved by an adverse decision of the  
13 department or board may appeal that final decision in the manner  
14 provided in the administrative procedures act of 1969, 1969 PA 306,  
15 MCL 24.201 to 24.328.

16 (11) The department, in collaboration with other relevant  
17 departments, shall monitor the extent to which residents of other  
18 states move to this state for the purpose of receiving health  
19 services and the impact, positive or negative, of any such  
20 migration on this state's health care system and on this state's  
21 economy, and make appropriate recommendations to the legislature  
22 based on its findings.

23 Sec. 409. The board, in collaboration with the department,  
24 shall annually develop a 3-year MIcare budget for proposal to the  
25 legislature and to the governor, to be adjusted annually in  
26 response to realized revenues and expenditures, that reflects any  
27 modifications to the benefit package and includes recommended  
28 appropriations, revenue estimates, and necessary modifications to  
29 tax rates and other assessments. The budget must not include cost-

1 sharing or premiums.

2       Sec. 410. (1) The Micare fund is created in the state treasury  
3 as the single source to finance health care coverage for Micare.

4       (2) The state treasurer may receive money or other assets from  
5 any source for deposit into the fund. The state treasurer shall  
6 direct the investment of the fund. The state treasurer shall credit  
7 to the fund interest and earnings from fund investments. The state  
8 treasurer shall deposit all of the following into the fund:

9       (a) Transfers or appropriations from the general fund,  
10 authorized by the legislature.

11       (b) If authorized by a waiver from federal law, federal funds  
12 for Medicaid, Medicare, MICHild, and the exchange.

13       (c) The proceeds from grants, donations, contributions, taxes,  
14 and any other sources of revenue as may be provided by statute or  
15 by rule.

16       (d) Administrative fines collected under this act.

17       (3) Money in the fund at the close of the fiscal year must  
18 remain in the fund and must not lapse to the general fund. The  
19 department is the administrator of the fund for auditing purposes.

20       (4) The department shall expend money from the fund, on  
21 appropriation, only for 1 or more of the following purposes:

22       (a) The administration and delivery of and payment for health  
23 services covered by Micare as provided in this act.

24       (b) Expenses related to the duties and operation of the board.

25       Sec. 411. This chapter does not limit the ability of  
26 collective bargaining units to negotiate for health care coverage  
27 pursuant to law. This act does not supersede existing collective  
28 bargaining agreements.

29       Sec. 412. The department shall provide a process for

1 soliciting public input on the MIcare benefit package on an ongoing  
2 basis, including a mechanism by which members of the public may  
3 request inclusion of particular benefits or services. The process  
4 may include receiving written comments on proposed new or amended  
5 rules or holding public hearings, or both.

6       Sec. 413. The department may promulgate rules under the  
7 administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to  
8 24.328, to carry out the purposes of this chapter. If promulgating  
9 rules relating to the MIcare benefit package, the director shall  
10 ensure that the rules are consistent with the benefit package  
11 defined by the board under this act.
